FABRICS FOR REAL LIFE

Lazar fabrics with the NeverFear™ label tell you it's a worry free fabric that can stand up to your real life.

NeverFear™ fabrics have a finish based on C6 chemicals approved by the EPA. The finish is dual action stain repellent and stain release. The repellency causes spills to bead up & roll off allowing consumers to wipe the spill up before it penetrates the fabric.

If a spill goes unnoticed until after it is absorbed, it's easily spot cleaned.

While all stains may not be completely removed, the below guidelines give best results.

**A** Use water based soap solution of 1 tablespoon of laundry detergent per 2 cups of warm water. Dampen clean cloth and gently blot away spill. Do Not Rub. Rotate cloth often, rinse with water to ensure all soap residue removed.

**B** Use a mild solvent based residential upholstery cleaner and follow the manufacturer's instructions.

Contaminant	Cleaning Method (See Above)
Chocolate, Coffee, Tea Juice	<b>A</b> with tepid water
Fruit	<b>A</b> with cold water
Ink	<b>A</b> with rubbing alcohol
Milk, Wine, Soft Drinks, Urine	<b>A</b>
Grease, Oil, Lipstick	<b>B</b>
Wax	Brush first, then <b>B</b>
Vomit	Lift with cold water sponge, then <b>A</b>
Pencil	<b>B</b> followed by <b>A</b>
Mud	Lift off, vacuum, then <b>A</b>
